WHY DO YOU WANT TO BE A TECHNICAL LEADER?

BAD REASONS

GOOD REASONS

HOW?

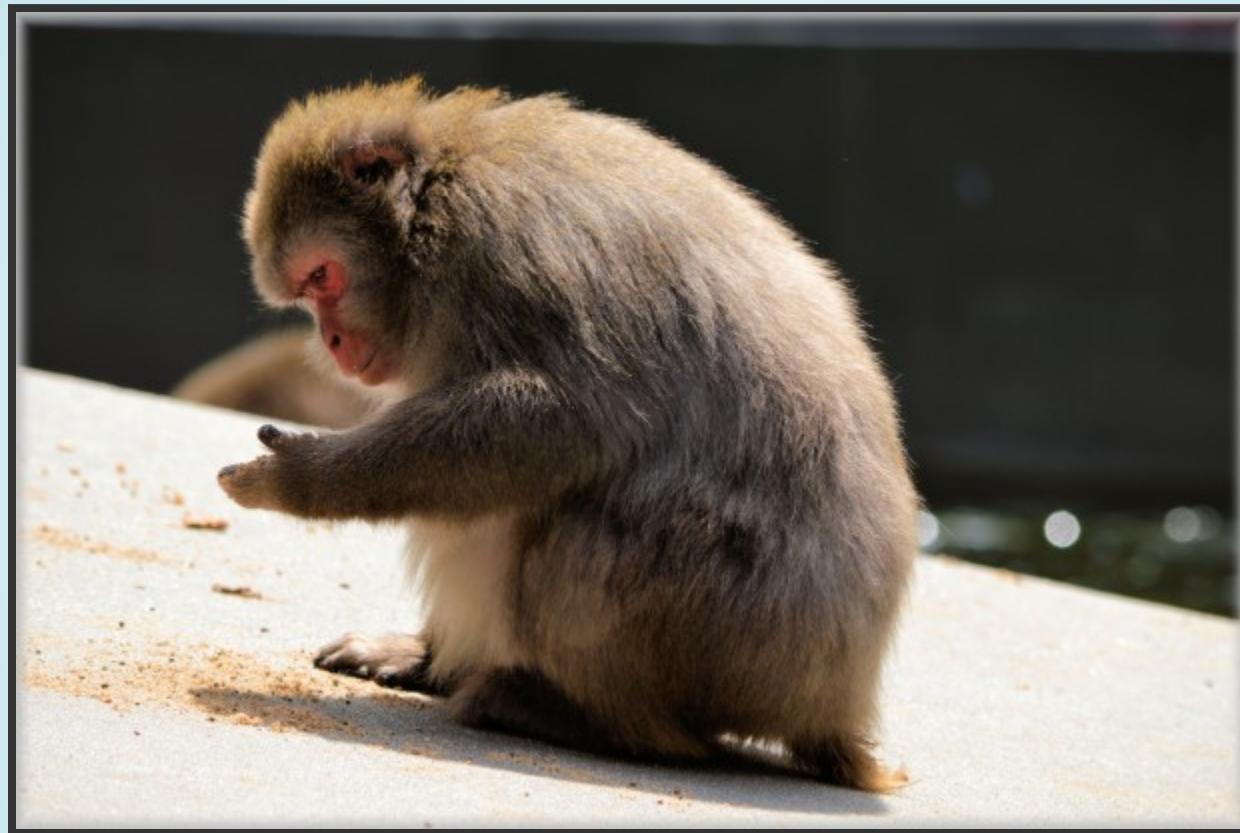

DO'S

 **HARDWARE**

Example: 4.7K or 4700 ohms (Carbon)

DON'TS

yeah, i was vegan for
awhile until a bunch of
other people started being
vegan, too... now i exist
on just air, and my own
smug self-importance.

SO,

DO YOU HAVE TO BE A MANAGER?

MANAGER != LEADER

QUESTIONS?

THANK YOU!
